# TERMINATOR™ CE

## Two-Way Audio Module

---

**FULLY INTEGRATED, QUICK-CONNECT TWO-WAY AUDIO VERIFICATION MODULE THAT INCLUDES AUTO-TRIP ACTIVATION, ZONED MIC'S, STORED AUDIO & SYSTEM ARM / DISARM CAPABILITIES.**

The EAGLE FALSE ALARM TERMINATOR™ CE combines essential components for two-way audio verification in a quick-connect module for fast, cost efficient installations. It is the dealer's choice for fast installations with minimum set-up requirements. The microprocessor controlled two-way audio technology provides central station detection with Eagle's exclusive auto-disconnect feature, extensive central station control features and auto call back capability. Central station personnel can also invoke high-gain talk and high-gain listen capabilities on demand. Automatic warning tones, built-in adjustable speaker amplifier, DPDT disconnect and two Amp relay are standard. The EAGLE TERMINATOR™ CE features quick connect terminal block connection speakers and microphones. The new microphone requires only two (2) standard wires; no shielding required! User defined access codes on optional EEPROM version provide maximum security for call-backs. New options include digitally stored audio and remote arm/disarm capabilities built into an add-on module. The full integration and installer-friendly design of the EAGLE TERMINATOR™ CE make it ideal for fast, efficient installations.

### SYSTEM COMPATIBILITY

The EAGLE TERMINATOR™ CE allows dealers to provide two-way audio verification with any 12V control panel available today. Additional speakers and microphone (optional) can be added to a basic system via standard cabling. Dual edge trip triggering and the integrated siren driver and trip relay makes it ideal for ALL 12V alarm panels.

### ADDITIONAL OPTIONS

**EAGLE 1450 Stored Audio Module**

**EAGLE Arm/Disarm Module**

**EAGLE 1262 Supervised Audio Power Supply**

EAGLE 2172S Surface Mt. Speaker/Mic

EAGLE 2172F Flush Mt. Speaker/Mic

EAGLE 2102P Remote Microphone w/ Plate

EAGLE 2150S Surface Mt. Speaker

EAGLE 2150F Flush Mt. Speaker

EAGLE 1403 Remote Controlled Relay Module

### FEATURES

- ◆ CE listing for European market
- ◆ Microprocessor control with Quick Programming
- ◆ Auto-Trip Function
- ◆ Watchdog circuit
- ◆ **3 microphone zones**
- ◆ **2 wire power microphones (no shielding required)**
- ◆ **EVT™ provides extra clarity in talk back**
- ◆ **LED status indicator**
- ◆ **DIP Switch version for FAST installations**
- ◆ **EEPROM version for maximum flexibility**
- ◆ **Dual access codes (EEPROM version)**
- ◆ **Full time call back (EEPROM version)**
- ◆ Integrated Siren Driver
- ◆ Dual Trigger Circuit (positive & negative edges)
- ◆ **Two Dual Trip Circuit (Enable Input)**
- ◆ Telephone Answering w/ Ans. Machine Bypass
- ◆ Central Station Sensing/Auto Disconnect
- ◆ Dual Form C (DPDT) Siren Disconnect Relays
- ◆ Last Minute Warning Tone
- ◆ On-Board Speaker Gain Adjust
- ◆ Extend and Hang-up Features

### WARRANTY

All EAGLE Security Products, Inc. Products are backed by our standard "out-of-the-box" failure warranty: If it's bad, we'll replace it. Contact EAGLE for details.

### SPECIFICATIONS

Dimensions: 3.75" x 5.875" x 1"

Power: Voltage: 12 VDC ± 2 VDC

Current (Standby/Active): 30 mA/180 mA

### ORDERING INFORMATION

P/N: 301250C - DIP Switch Version

P/N: 301250C/E - EEPROM Version
